**Critique:**

9 mo old male. Medium size with matching bone strength. Attentive, alert, overall very good balance. Strong expressive male head, broad topskull, strong muzzle. Medium size correctly carried and set ears. Dark brown deeply set eyes. Good lip and mouth pigment. Very good neckline, good topline, short croup. Good width and depth of chest, pronounced forechest. Straight front, feet are well-knuckled. Elbows somewhat loose. Correct rear angulation. Wavy dense coat, in overall good condition. Clearly defined brown markings. Trotter, good push from rear, sufficient reach in front, back is firm when moving. Scissors bite.
